Colonization Rooms
27th October 1837

Gentlemen

I arrived in this City yesterday afternoon, having visited, since my last communication, Prince George and Calvert Counties on the western, and Kent Queen Anne, and Cecil Counties on the Eastern Shore.

In securing emigrants my disappointment has been great. Those in Prince George who had promised to go out in the Spring vessel have entirely declined going, no doubt in consequence of the representations of those opposed to us, and to Colonization. The prospect for emigrants however is decidedly favourable for the fall. These too of valuable character. Such as our present circumstances ~~at present~~ require.

In Calvert County also, the prospect for emigrants is favourable, and I am not without hope that by the fall, as many will be found ready for emigration as we may be desirous of sending. The opposition however is formidable, and, as stated in a former communication, we shall ~~have no~~ emigrants if the means of Colonization can rightly present it.

The Board will remember that I made a communication, a few months since, in regard to the people of color residing in the neighbourhood of Sudlers & Reads Queen Anne County
