Chester Town 25 May 37

Dear Sir

Yours of yesterday is at hand by the Mail Boat of this afternoon. My official labors which have been almost incessant since the middle of March will require me to be in Easton on the 1st Monday in June - the day you propose for the organization of a County meeting - and again at Annapolis on the Monday next after, probably for a month. I regret that it will not therefore be in my power to aid you with personal effort. The fondness to hear speaking - especially from new orators, is the prevailing taste of the Country - omnis like all other parts of it. I think therefore a publick meeting altogether the most efficient mode of informing you and producing a little excitement of feeling.
