Dear Sir

It has been my intention for some time to have sent in my resignation as one of the Managers of the colonization society, owing I may say to my usefulness and the few meetings that I am enabled to attend. the Board requires much younger men whose age will enable them to attend with more regularity and be much more efficient than those of my age. In resigning which I now do, the society and Managers has my best wishes for the success of the great work in which they are engaged & hope they will receive their reward from him who directs all things for the good of simple man

I am dear Sir
