Previous to his departure he fed me on Coffee and navy bread during the time I remained at the agency house and when I wanted to start onward I really had to go to the Revd Mr Wilson and he was kind enough to let me dine at his house I was not obliged to have all this but for the sake of good, I know it this will show that my mind was not towards anything but prosecuting what I came for, since that time I have got his receipt up to the time I left, and I have not been questioned by no person about my conduct. I voluntarily mention this, If I have done wrong I Repent humbly for it and hope that the Board will look over it and as I had the — Purest motives for their interest, by this time I am sorry to say that I think you have heard of a great many things which will enable you to judge for your self, Should the Board wish I will humbly give them a detail of the whole matters at any times as far as I am able

with a great full sense of the Confirmation of the appointment which was done by Dr Hall

I am your obedient and humble Servant
