Richmond, July 1st 1837

Rev. J. H. Cartee.

Do. Sir.

Circumstances beyond my control have prevented my communicating to you before this the progress and prospects of your charge the Gill

He has run over with me five months, and it is with great pleasure that I announce his unexceptionable conduct, and rapid progress in his studies — He has been very diligent, much so, in fact, that it has run the medical students of his progress in anatomy and physiology, out beyond the of most students at the end four months.

Since writing you last, I have succeeded at last, to clear my connexion with the University of Vermont, and shall no longer be engaged in Public instruction but devote myself exclusively to private instruction and practice.

In this position of things I may not be able to exert so much influence in favor of the Gill as many time things a cause of ~~[illegible]~~ Public
