Sir You will discover in the above acct. the amount of Eleven 25/100 Dolls expended for Books. Dr Phillips made the purchase but would not have done so if his Library could have furnished them.

I am happy in being able to inform you that with little or no difficulty I was able to attend the Lectures. I was introduced as a native African & I believe the deception carried the point. A general enquiry was made as to this place I learnt to speak English so fluently; but I easily satisfied them. Dr Mussey apprized me of the advantages to be derived from pursuing the above course saying that foreigners of any colour are respected.
