Dear Sir

I regretted very much that I did not see you a few days since, when I called at your Society's Rooms for that purpose – It was then my intention to inform Mr. Easton that I would call again today, by which time he expected you would return – But such have been my engagements that it was wholly impracticable for me to perform my promise in this respect. And as I shall most probably leave Balto. in the morning for Easton, I take an occasion to state to you in writing, that it would have afforded me much new gratification to have communicated verbally – Some five or six weeks ago a Resolution was adopted by the Talbot County Society, that on a day fixed upon (15th Inst.) there should be a meeting in the Court House at which the Citizens should be generally invited, & that the President shall other persons as felt disposed should deliver addresses on the Subject
