

girl I ever saw, she had her
thumb crushed last Thursday
by a window shutter. Tell
blessed you to day when my letter
came and says she will write to
you in a hurry. How are things
progressing in Annapolis let
me have all the news in your
next. Is Du-Bois attentive at
M's, now then he is so young
on Kate and she will forget
poor Romeo altogether. Give
all my kindest regards and
one affection which I can not
send by letter or telegraph.
My regards to Mark & Jack.
and trusting my very prompt
reply will not be taken
amiss I will close by

Remaining ever

Your sincere friend
