Windsor Vt. Sept. 16th 1837.

Rev J. H. Easter.

Dear Sir

Inclosed you will find two specimens of Mr Gill's composition — an exercise which I require of him each week, the subject being furnished him by myself. I send them without any corrections whatever and think they will furnish you better evidence of his prospects than any thing else I could write or say about him.

He is now quietly settled at Hanover during the Lecture term and is very attentive to his studies. Dr Hall will be able to give you particular information on every point relative to him. I remain Dr Sir

very respectfully yours.
