New York Sept 27. 1837.

Rev J. A. Easter,

Dear Sir -

I have since learned that the lumber for which you have an order from the Foreign Committee, should consist principally of flooring and weather boarding. If not too late please to regulate your purchases accordingly.

The Treasurer wishes me to add that he would prefer to have your drafts at 10 days sight as usual.

May I trouble you to inform us by letter of the precise date at which the Expedition is expected to sail. as we have certain small articles to send to you from this city, and wish to let the opportunity remain open as long as possible.

Very Resp.y your friend
