

Mr Holland,

My Dear Friend -

I return again
dishes the contents of which have
just made a very rich addition
to our Christmas dinner. To say
that we thank you for them, would
be a very poor return for the
gratification you have afforded
us. With our thanks therefore,

please accept from you and your
family, the usual congratulations
of the season, and the prayer, that
the bliss, which the world this day
commemorates, be obtained for us.
May you be yours - My kind regards
to your family - Affectionately from
your devoted

Edwin Milton Benson
