Thursday Evening.

My dear Cousin Hammit & Cousin Ellie:

A week ago Wednesday
Father was taken seriously ill, was
unconscious and suffered a partial
stroke of paralysis of the right
side. He called to us and
talked to us until Sunday night,
and Monday he went into a stupor
from which he has never
awakened, and this day we may
expect his death at any time.
All our hope and prayer is that his
death will be peaceful and painless
and we would ask for nothing more.
