Dear Sir

Your arrangements for the Colonization of the Servants, be longing to Jacob Estate, are so far matured that I should little doubt now returns in any number, but that nearly all will be taken off to Cape Palmas, early in the ensuing year. I propose to send them directly from hence = with this view I have sought information on the following points, which appear to me of the greatest importance, viz. the best period for their embarkation - so that they may arrive at Cape Palmas, at a season particularly as regards health -
