14th November 1837

Recd. and Dear Sir

I have made an estimate of such a wagon as I understood you to say was wanting for the conveyance of milk &c I can furnish such an article for $70 well executed and of the best materials. The harness I can procure for ten or twelve dollars. We have a tinner in our neighbourhood who can furnish us a suitable kettle to contain milk which can be had at a fair cash price and inasmuch as I am under the impression it would be wanting in the course of ten or fifteen days. Should you favour me with the job their would be no time to lose. Be so kind as to let me hear from you to-morrow

Very respectfully

Nov 15th 1837.
