P.S. I have obtained some blankets and domestics for the emigrants I send up I find so much opposition here by the whites and negros that I think this will be my first and last I shall try to send up. If they could have left here as soon as they came in town it would have been much better as they have been pursued. Mrs. The old woman until they have put her out of the mind to go and if you don't take care they will not go after all I have done for them but I trust she will feel better disposed when she gets to Baltimore. for on her going depends her children and the young woman with them; do my dear Sir. try and get them all off together if possible - They will want shoes & stockings and some other articles which you will know more about when you see them -

I am dear Sir very respectfully your
