Elkton Novem. 21st 1837. —

Dear Sir:

I have to beg the favor of you to inform me who is the corresponding office of the Maryland Hospital or other institution at Baltimore that a young black man may be sent to, who within a few days has become crazy; he is free and his friends desire to know the terms on which he can be received for a month or such length of time as would determine with tolerable certainty whether he would be cured. —

I expect to send some letters for Africa, this week, please state in your reply, by what day they must reach you, as by the last of the week, the number will be increased, if it suit to delay so long.

Very respectfully
Yr. Mo. Obt.
