Dr Sir,

Will you do me the favour to say to the Managers of the Colonization Society, that if they will furnish Alexander Hance with some Carpenters tools, say planes saws chisels &c provided the same shall not amount to more than twenty dollars, at Baltimore prices, I will see that they shall be paid for the same at the time your vessel, that sails, for Africa ~~shall return here~~ shall return to this city in the fall expedition of 1838. And if they will furnish the said Hance, with the authority or means to procure, on his passage out, at the Cape de Verd Islands or any other place, a young mare, to be the property of Hance, I will see the amount for the same paid in fifteen days, after the return of the vessel that now sails, provided
