Frederick Nov. 22nd 1837

Dr. Sir

I am in daily expectation of hearing from you, when the expedition for Africa will sail, & in order to have a little previous notice I now address you

Last week I convened the board of managers of this place belonging to the Colonization Society, in order to lay before them the situation of Peter & James and to urge them to provide means for their outfit. This they cheerfully resolved to do. I am now awaiting your instructions.

Very Respectfully
Yr. Obt. Servt.
