Dear Sir,

This will be handed you by Mr Thomas Jackson who now goes home to visit his friends, by invitation of the Board, to assist the travelling Agents of the Society in enlightening the minds of the free colored people of Md on the subject of colonization.

Mr Jackson is one of our oldest & most respectable citizens, and has at hand to fill the void which his absence from the colony will create. From him the Board will be able to obtain satisfactory information on any subject of interest in relation thereto.

That he may arrive in safety & prove equally useful as he has been to the great cause of colonization is the wish of
