

except you are tired ere this
this very stupid massive,
in the shape of a letter.

I will not tax your patience
much longer, &c

I have not seen Father for a
week, he was much better
at that time, but very weak
I heard from him on yesterday
he was still improving. The
remainder of the family were
well. Col Dick and family are
well except the baby, she is
quite unwell.

I'm enjoying my usual
good health, and trust this
may find each member of your
household enjoying the same
well. Love to write to me
very soon, remember me kindly
