this county. I should be very glad to be informed
it and to whom they were directed — If none
have been sent to any of the friends and relations
of the Cast falls Emigrants. I think, nothing
will be done in this county until, such
letters can be received, for, I can tell you that
we have strong appositions here, to the
Colonization cause, both in white and
black people — I am certain that had
the old man Joshua, have sent me a
letter, to his friends, jointly with his wife
Mary — that, there was many who would
have gone cheerfully to Africa, most fear
I have been very much disappointed —
therefore I am silent on the subject as
I know not how to contradict the reports
that are in circulation — I can only say
that according to the news paper, the
vessel arrived safe, and that they who
went were all in good spirits &c —

I have given you the above introduction
in to my answer, respecting Stewart's
visit to our county. I should be glad to
see him, and more so for you to come
with him. and hope you will both come
over, as soon as will suit your convenience
yet unless something ~~[illegible]~~ decisive —
respecting the old man, and his family
can be had, if an angel was to visit
us from Africa, it would be of more
avail — My dear Sir I feel anxious for
the cause of Colonization — and therefore would
renew my invitation, to you and Stewart
if you think you can do any thing
for the cause among us —

I am dear Bro. with the most
kind feeling of love
yours in Ch. Jesus
H. Thompson

If you intend to visit us let me know
in time to have meeting published
HT

Mr John H. Kenard agent — Colonization Room
