but when he intends starting I cannot say for certain as I have not seen him since that time.—

I think upon the whole it would be well for an Agent to come among us to ascertain the precise state of things and make arrangements accordingly.— our August Court is now near at hand which will possibly be a good time for a visit as the people will then be thrown more together at the seat of justice where and when something might be effected advantageous to the cause.— If at any time I can be of service I hope my services may be called into requisition.—
