Honorable Sir

Embrace with pleasure the first opportunity in sending you a few lines hoping they may meet you in the enjoyment of good health. My mind have been greatly exercised about the first cause of Colonization and have a cause to believe that it first sprung from a good Source and it must have been attended with the blessing of God. it seems to lead so near the promises of God. there been so many well authenticated promises on record of the word of God I believe that you entertain pure motives when you asked me to go to the land of my forefathers. I now thank God that I followed the admonition I felt happy in mind for the plenty that the Honorable Board of Managers have bestowed upon me thus far through I am in Africa. I shall not fail to improve the blessings of heaven in behalf of the honorable body of which I am a member inasmuch as God hath been in a good work with the Colonist first at in the United State he is fully able to accomplish his purposes and whatever arts & science that have been out since God first had a people in the land I am better pleased with our Government than I was in my first arrival for reasons the following
