

I assure you nothing would
be more pleasing, than to have
been with you ~~see~~ when you
visited your Aunt - But I
would like to know your
little Cousin - What is her name
I never heard you speak of
her before - Why have you always
kept that untold - Probably she
has not always resided in the
Ancient City - I will deliver
your message to Mr S -
Last but not least is Miss
Mannie: I am much pleased
to learn she is coming on a
visit to our City and if possible
I will meet her on her ar-
rival - And will be pleased to
do all I can to make her time pleasant
during her stay - Can't you come
to, I do want to see you both
very much
