Dear Sir

The "Society of Enquiry of the Theological Seminary of Mercersburg Pa." whose object it is to obtain a correct knowledge of the present state and future prospect of Religion, have appointed the undersigned a committee, to solicit a copy of your paper for the use of the Association.

We are convinced that young men, designed to enter the sacred ministry should be conversant with the Benevolent Operations of the day, and the movements of the Church on all subject that tend to promote the Redeemer's Kingdom; and we believe there is no other method by which this knowledge can be obtained more correctly than by having access to the prominant periodicals &c. of our Country.

Should you be willing to promote the object of our Association by furnishing us a copy of your paper, we will esteem it a special favour inasmuch as it will be a great auxiliary in our investigations —

With Much Esteem Yours &c.
