

glad I did not.

What ~~was~~ ^{is} it, you did not tell me, that I could do to exercise the Blues - if I guess, wonder if I'll be right - was it a note? it must have been, as in the addition you made, you said they had vanished.

Jim came to night he ~~has~~ with Nan and Ellie have gone to see Prof. C.

I would like to have gone but actually felt too lazy. nothing new is it? I have a very sore throat - with that exception am well.

I wonder if you can decipher these hieroglyphics: I fear not.

Good night - wishing you many pleasant dreams I remain as ever
