March 2nd 1842

My Dear Sir,

I think you are very right in postponing your meeting - indeed it will suit me better next week than this - or even later if you prefer it.

I thank you for your attention to the map. I have not received either the Reports of which you kindly spoke, or the map & I mention it, because I fear there has been some blunder about them at the Rail Road Offices either in Baltimore or here.

We have news from Liberia by the Banque Union - Roberts does well, and the intelligence is about as usual - some difficulty however with the Englishmen on the Coast. The Herald & Luminary speak discouragingly - I hope you have pleasing intelligence

Very faithfully
with great respect & regard
Yours R R Gurley
