

enjoy gay company or parties
I love to spend a quiet
evening with friends, socially
And that And my duties as
each day brings them are
the only pleasures I now
have-

I would love dearly to come
down to Annapolis and pay
a visit to your Father's family
And its my intention so to do
if I ever can find an opportunity
but my duties are so constant
and so exacting- that I cant
get away from them-

Yes the evening you had
Yes Tuesday evening must have
been pleasant- I love those social
gatherings of friends-

As Miss Lucie, my friend has
not returned, And I think it
doubtful that she will make
Baltimore her home again
