

Dear Good Martie

I am so afraid
you did not like me saying what
Ellie repeated to you - please do
not get offended - but indeed I was
very much worried about something
that had occurred - next time
if I feel ever so much worried
I'll not say anything.

So you won't believe
that we are going away this after-
noon - suppose you come down this
evening and find me "non est."

I think the Clerk of the
year, made a mistake this time
and this is March instead of April.
