Dr. James Hall

Dear Sir,

I have been requested by the Ex. Comm. to write you to obtain information as to the medical character & qualifications of Mr. James Brown of Liberia — and his fitness to take charge as Physician of the Emigrants to Sinoe. Mr. B. has been an apothecary, as I suppose you know, but ~~and~~ I am not satisfied that he is competent to act as physician — Please tell us what you know as to his fitness in this respect — Your reply will of course be confidential.

The Committee (now in session) have also requested me to inquire of you whether you are acquainted with Dr. Bacon's character & conduct while in Africa. He has been writing in the N. Y. American, letters on the subject of colonization which are calculated to do as much injury as coming from one who has been in Africa & therefore supposed to be internally acquainted with the whole subject.

Letter Gratuitous
June 6
