

large family
on her mother's side, I never know
one who likes to answer letters
I am very sorry, that Mr Sands
is still out of employment, I
have been looking around here
and making inquiries, but
up to this time my efforts
have been fruitless.

I have very little confidence in
~~the~~ as they are called the first
men of our State. I now think
it almost impossible for a politician
to be either honest or honorable
By the way, I heard on Sunday
from a friend of Ned D's - that
the Governor would or had given
him a clerk ship in the Penitentiary
pay twelve hundred a year. I
have not seen him (Ned D.)
for some weeks, he has moved
out Madison St, And is too
far from me now, to visit
~~him~~ except on an extraordinary
occasion.
