Dear Sir

I hope you will excuse my troubling you with ~~this~~ this letter, if it may not be of sufficient importance if so I ~~hope~~ beg you will excuse it. My son Lancelot either has, or is about to move his family to Mabou about 40 miles from Cape Palmas. It is my wish that he should ~~that~~ take with him four little coloured children, that I sent to him to be educated by him and his wife and to be under his particular care. I have not mentioned it to him thinking it best to apply to you to know whether it accords with the established regulations of the board. If it does I should be exceeding obliged to you ~~to~~ if you will send him you permit to do so. I hope you will not think that I was disposed to interfere with any of your rules, you may think it more proper to signify the your approbation of their removal in some other way. You would greatly oblige by writing to me a few lines as soon as your business will permit. Please present
