My respected friend,

Although you have retired from our city yet I am persuaded that your zeal in our good cause has suffered no abatement. I therefore take the liberty of soliciting your aid in behalf of our Soc. & base of clothing for the men in Africa has recently been sent me from the Quakers of Ulster and there are two colored men of intrinsic worth who have applied for a passage to Liberia, but there is no prospect that any vessel will sail very soon from the A. Col. Soc. and as we have heard that an inspection is expected shortly to take place at Baltimore for the colonies, will you be kind enough to inform us whether the ship from the Maryland Soc. will call at Monrovia, and whether they could take these two emigrants and on what terms? Please to inform by return of Mail or as soon as possible, and with sincere wishes that the author of every blessing may crown your with all desirable prosperity in your new field of labor I remain very respt. Yours
