My Dear Sir,

I ought before to have thanked you, for your note of the 11th & to have said that I doubt not you are mainly perhaps entirely correct in your last number. I intend to copy it.

We have letters this morning from Liberia, favorable, but we must get the Coast from Cape Mount to your Settlement or the English & French will have it. I dont like that French settlement at Fernandoy, & begin to suspect some design of the Jesuits. We must make a stir about Colln in Congress, & get our Govt to do something effectual. I have not seen Friend Smith since your note was received.

Very faithfully Yours

T. Ewing

James Hall Esq.

Dr Lugenbeel is here, was left, will probably go from Providence about the 10th of next month
