Rd Monr Feby 13

Enclosed, I send you an extract from minutes of last meeting of the Agent and Council. The Report of the Committee per Latrobe, is conclusive; still we feel, that our Colonists are too few; & our foreign and domestic trade too trifling, to have any obstacles more than what is recommended thrown in the way. We hope the matter will be reconsidered; and as our Board of Managers can have no other motive than the welfare of their colonists that our recommendation will be received and approved.

The Emigrants per Latrobe are doing finely - The deaths have been four — two children, one old woman upwards 70 — & 1 pregnant do. Capt Craven supposes you will be furnished with a copy of his report by the Secretary of the Navy. It would be much to our advantage, if a little survey of the Cape, &c. should be ordered by the Secretary.

The Papoise carries this to Monrovia to be forwarded by first vessel
