To Dr Jas Hall

Dear Sir

I have been traversing the eastern part of this county for the last week & I assure you the prospect is a miserable one and money they have none - the fact is this is not the season of the year to get money in this county in the fall, a little after harvest, is the only time they have money - I have met with no opposition to the cause, from any one - but all expressed a willingness to contribute [redacted] was it in their power - I have not received more than five dollars since I came into the county & am now wending my way down into the lower part of the county and probably I may do a little better; If you have any communications to make you had better direct to Port Deposite, as I expect to be there in a few days: What each county will turn out I cannot divine - Please to ask John to look in the Book - for the name of Joseph Trumble he got the Journal at the Hockey post office but his name is not upon my list nor in my Book and how he has got it sent to him I cannot tell but he is said to be an honourable man and as likely would say - perhaps more shiffard has sent it

Very respectfully yours John M Roberts
