Proceeds of Entertainments or otherwise.

The question arose as to the best means of increasing the financial standing of the Church, and place her income on some definite and permanent basis. After much discussion upon this subject, it was moved that a Committee of the Whole, be appointed, and that further sub-divided, into sub-committees of twos, and that the latter, in their respective bounds, call upon the Members of the Church, and ascertain Yearly, what the members of the Congregation are willing to give, for the support of the Church. The above being deemed as the best means of increasing the Revenue of the Church, and that such Contributions, as ascertained in this way, be kept in some special Book, procured for this purpose, in a regular systematic way.

Mr Hamp moved that two hundred cards & Printing, relative to the Expenses of the Church, to be procured to be used by the Committee on Contributions, the same was carried.

A Bill of four dollars, in favor A. Martin was order paid by the Vestry, for keeping in repair, the Cemetery tools.

It was moved and seconded

that the Treasurer, Mr. Edward J. Sinclair, receive directly, all the Offering & Contributions, after each service, & though no other source, whatsoever; the same was carried.

Upon Motion being seconded, the Meeting was adjourned at 11.20 P.M. to meet Monday night the 10th inst. in the Vestry-room, to consider Mess. Philip Walsh & Sons' claim & other Business, if necessary.

Attest:

Wm. Spring Jr.
Registrar
