Honored Sir

I employ the liberty at command in giving you a few lines hoping that they may find you in the enjoyment of good health and your family I am compelled to write though with much diffidence and I hope that I shall be in any way at fault owing to justice that I shall be excused, the object of my writing to you is respecting the compensation allowed me for my medical services in the colony I has been now four years & eight months since I first entered and am not allowed nothing more now than was allowed on my entering I waited the time assigned for me to study before I spoke of any thing more than was allowed me at first But Governor Russwurm told me that he could not allow me anything more that I would have to write to you respecting it and what is allowed me now is not sufficient to support me & further more I am indebted to the Col Agency at this presents, on the time of my entering Doctor
