Dr. Jas. Hall.
Gen. Agent of Maryland State Colonization Society

Dr. Sir.

Your "official" communication bearing neither date or place was received I doubt not duly, and in reply would say that I shall be glad to take Fletcher under my tuition and will do the best I can with him - The expenses which you wish me to give you an idea of will be for board and room $2.00 per week - my own tuition $35.00 per ann. Lectures $50.00 each course Graduation expenses, matriculate &c. $25.00 -

It would be better for him to bring a few books with him. we have now a new set of text books and very admirable ones too - Wilsons Anatomy (the last Philadelphia Edition - Carpenters Physiology - Surgery - Watsons Practice of Physic and Grahams Chemistry all of them are published in Philadelphia - and these with a Medical Dictionary are all the books he will need while here. These being wanted for daily use it is much better for the student to own them.

You speak of his getting through at a given time I do not know what time he has been studying but ~~when this time~~ previous to his examination he will or whenever he has been studying with ~~now with~~ should present us with certificates of study covering a time sufficient with what he is here to make the 3 years -
