Dr James Hall

Dr Sir. Being engaged on a Map of Africa & wishing to append to it a small one on a larger scale of the Colony of Liberia, I beg to request you will furnish me with the latest information you may have in regard to the same. I have applied to the Rev. Mr McLain who has sent me all the information he possesses stating that it is very incomplete and further states that "Dr James Hall "of Baltimore can also aid you from his personal "observation, and especially as to Cape Palmas." Such would be considered of great value

By your obt Servt,
