Chester Town September 10th 1845

Dr. James Hall

Sir,

When your respected agent the Revd James Mc. Roberts was in Chester Town a few weeks ago, in conversation on the subject of Colonization of the free blacks, I informd him that I had some small spinning wheels which I thought might be useful to the emigrants, he said they would be acceptable and wished me to send them over the last of August - and to endeavour to procure some more from my friends who had declind farming - I have waited for some that were promised me, but like many things promised they have not made their appearance -

I have requested the favor of Capt. Coaker of the Lafayette Packet to take them over and deliver them at the Colonization rooms, not knowing whom to send them to, must be my apology for troubling you -

Very respectfully
Mary S. Thomas
