Norfolk Nov 1 /45.

Dear Sir, I made several ineffectual attempts to have another interview with you before we left on friday. My object was to engage you if possible to permit five boxes, we thought it admissable to leave at James Brundages warehouse on account of the crowded state of the Roanoake to be put on board of the Baltimore Clipper, when she sails for Liberia. Your clerk thought they might be taken, therefore we left them without seeing you. If the captain of the Clipper will pay charges, and deliver them at Mansonia we will endeavour to see him paid. Mr Armstrong will see to having them put on board.

Your's respectfully
