Dr Hall

Dr Sir I again attempt to write you a few lines but fear not whether or no I will get an answer as I wrote you by Mr Woods & heard nothing from you. I do hope you and all of your family are well as for me I have very bad health & as you are aware are becoming quite old & what tend to make me worse I am almost completely blind can just but see enough to walk the street & scarcely that - and again I am very poor so far as much so that I am compelled now to beg of you to do something for me do send me some little something that will be of service to me you know most any thing will be a little tobacco, cloth or any thing that you may feel disposed to send me
