Mission Rooms New York
Feb 26 1846.

My dear Sir,

Yours of the 20 came to hand on the 23d. In reply I need remark that it is not at all probable that the Foreign Committee will propose to send Mr Thomson back to the Mission at Cape Palmas; and I am of course at liberty to make any proposition to her in behalf of the Am. Society. I need add that Mr Thomson enjoys the entire respect & confidence of the Board.

I shall be glad to avail myself of the respite which you propose to grant to Liberia, for the transmission of some supplies to our Mission. I have been singularly unfortunate in regard to communications with Africa during the last six months. The boxes that out of the Kent are yet here: and I can hear of no vessel on the coast in this quarter. Only give me timely notice & I will take care to send
