Dr. James Hall

Respected Sir

By this you will learn that I have entered upon the duties appertaining to the department of Medicine in this Colony for the acquisition of a suitable knowledge to perform the functions the Board taken so great an interest, and although I flatter myself in saying that there was no want of exertions on my part in qualifying myself to aspire to the high and ~~bill~~ responsible office in which I now ~~placed~~ in ~~the place~~ of a better I can but say that it still requires as much application and more so than was while I was a pupil at the Medical school. If I have entered upon ~~my~~ the duties prematurely I hope that by having recourse to plan pursued by my predecessor and early instruction together with mine own observation & assiduous application may tend to remove obstacles and facilitate my progress in benefiting those over whose care I may be placed. I shall from necessity elicite of you the favour of procuring and forwarding by the packet on her return, if you please, the following article on the list herewith inclosed.
