Dr. James Hall

Baltimore

143 A

Dear Sir,

I called in for a few moments to day - having been kept busy from the first hour of my arrival in the City until late last night - I have however nothing important to communicate - unless it be to say that three days' experience in Balt: convinces me that the quiet of my Country residence & occupation is more likely than any thing else to restore me to perfect health -

I am staying with Dr. Johns, but shall be running about all the day & Evening on business & in visiting my friends, & must leave on Monday morning at 7 -

Yours truly

Joshua Peterkin
