Memo:

Note 1. Instead of 5 acres of farm land, and an eighth of acre in town, as heretofore allowed Emigrants by the existing regula= =tions in Md. in Liberia, the Government or Society ought to allow ten of the former, and on the erection of all new Settlements, 1/4 acre of the latter.

Note 2. It is presumed that the Society will settle for the Gurro= =way territory, which has already been ceded to them through their A= =gent.

Note 3. The hope has been indulged that the Society will aid in the purchase of the native towns in the midst of the settlement, should the inhabitants be willing to sell.
