II A 21

New London July 5th 1854

My Dear Sir

I left Mr Schieffelin yesterday, who spoke of his obligations to you for sundry valuable letters. I trust that those who feel interested in a more regular and advantageous intercourse with Liberia will soon decide upon the best plan, and the best means for its execution.

Major Williams here thinks our friends in your City & Washington should now urge Congress to make a liberal appropriation for the steam project. Will you be so good as to confer with Mr Latrobe on this subject, as I think he is one of a Committee, to which the application to Government was committed by the Board of Directors.

It will gratify you to
