II A, 21

Dear Sir

Your favour of 7th instant is to hand — Mr Williams returned the report approved and suggested a meeting here 18th, 19th or 20th inst. — with a number of names to be invited to attend Mr Pinney can probably be here 20th inst. but not before therefor for the 20th I have invited the meeting of some friends of Steam communication with Liba viz — Messrs Latrobe, McLain, Hodge, Gurley, Peters Peace, Tracy, Phelps, Williams, Gregory, Stockes Pinney Stockton & Orcutt — Should you think of any others likely to aid us by wise counsel please invite them — Mr Williams thinks it wd be particularly desirable to have your presence on acct of your thorough acquaintance with the subject — your letters probably cover the whole subject — but it is not easy to see what plausible though unwise projects may be started — I am aware that you are suffering from ill health which I regret and shall be happy if your physicians should prescribe a little trip north for its benefit about the time of our meeting to be held at the Colonization rooms in this city — Bible House corner of 4th avenue and Astor place at 4 P.M. — 20th inst. — Yours truly
