My Dear Sir

I have this A.M. received a copy of that Meeting in New York's proceedings — the two resolutions adopted are "Resolved as the Opinion of this Meeting that it would be advisable for the Rev. Mr. Finley to direct his effort to obtaining subscription to the Capital Stock of the U. S. & Liberia Steamship Company, provided the articles of Association of the Co. be so amended as to appropriate any excess of profits over seven per cent to the use of the A.C.S. after a proper sinking fund is created & with the further understanding that sails may be substituted for steam in the discretion of the Directors of the Company.

Resolved that in thus expressing their Opinion this Meeting has no purpose to interfere with the operation of the resolution of the Board of Directors of the A.C.S. in regard to steam communication with Africa and look to the action of the Sy. Committee as giving efficacy to their recommendation."
